LegendMaster

- Excellent winter hardiness
- Stand persistence under high management rotations
- Multiple pest resistance is excellent
- High multi-leaf expression and dark green color
- Exceptional re-growth

Premier

- A consistent, high yielding variety with the superb forage quality that dairymen and commercial alfalfa producers are looking for.
- Great all-purpose alfalfa
- An 95% multi-leaf trait makes Premier a top producer in milk per acre forage trials

LHR 3500

- This is a combination of varieties with high resistance to potato leafhoppers (PLH) 60% multi-leaf expression
- Higher yields and quality under PHL infestations
- Strong winter hardiness
- DRI 27

Legend 8888

- A premium blend of winter hardy alfalfa varieties
- Alfalfa with high yield and quality potential
- DRI 24

Legend 7777

- A premium blend of winter hardy alfalfa at an economical price
- DRI 20
